(PERMIT TERMS CONTINUED)

This permit is issued under the preferred use provisions of NRS Chapter 534. The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued under the provisions of NRS 534.120(2) as a preferred use.

The total combined duty of Permits 43378, 43379, 43380, 43381, 55906, 55907, 55908, 55909, 55910, 55911, 55912, 55913, 55914 and 55915 shall not exceed 13,204 acre-feet annually.

The permittee shall comply with the monitoring plan approved by the State Engineer which will be subject to revision upon review of the data generated.

The data and analysis of the data shall be submitted to the State Engineer on a monthly basis, subject to any revision of the frequency of the data collected.

This permit is issued subject to the conditions set forth in the withdrawal of the City of Ely's protest dated October 28, 1991.
